### Summary

I'm a passionate Web Application Developer specialising in Front-End Development. I can convert Figma design to a perfect responsive web template and maintain compatibility with all browsers. Add animation to keep the user experience. Optimising and scalability are my primary role.

### Featured Project

#### E-Commerce and School's Website

React js

Tailwind Css

Redux Toolkit

Bootstrap

JavaScript

I have been working on several big projects, worked on various websites for hospitals, schools and e-commerce

#### More Challenges

- To install and set up React Router Dom
- To used React-slick Slider
- To create add to cart on e-commerce site
- There are some problems in using REST Countries API

🔗 See all of my projects <https://github.com/himel>

### Education

- **Creative IT Institute -**  
(Front-End Development With React JS)  
06/09/2023 -- 18/04/2024
- **Habibullah Bahar College - (B.A (Hon's))**  
Present student, Department of English
- **Pingna Sujat-Ali Honours Collage - (HSC)**  
Pingna , Sharishabari , Jamalpur
- **Pingna High School ( SSC )**  
Pingna, Sharishabari, Jamalpur

### Work Experience

To further enhance my experience I have done a lot of team work with many senior developer brothers during the course and after the course and they encouraged me. I think working with them on different real projects has enhanced my experience from there.

### Skills & Tools
